You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services
Do you need a referral to see a specialist?	No	You can see the specialist you choose without a referral . However, it is recommended you get a referral to an orthopedist or neurosurgeon for low back pain
