

Compcare Update

Posted Date: **11/29/2017**
Effective Date: **1/1/2018**
Products: **Compcare BadgerCare Plus, Compare Medicaid SSI**

For over thirty years, Group Health Cooperative of Eau Claire has provided coverage to Medicaid Managed Care (Badgercare and SSI) members in Western Wisconsin. For a portion of that time, we have also covered members through an agreement with Compcare. Effective January 1, 2018, Compcare as a Badgercare/Medicaid HMO will come to an end. The Department of Health Services (DHS) has informed us that Compcare members will be given an opportunity to choose their HMO from one of the remaining HMO's in their county of residence (including Group Health Cooperative of Eau Claire).

The administration and adjudication of Compcare claims for services prior to 1-1-2018 will continue to be the same. Prior to providing services to former Compcare members after 12-31-2017, please check the ForwardHealth portal to determine health plan eligibility.

This change does not affect Badgercare, SSI or commercial members covered by Group Health Cooperative of Eau Claire. Group Health Cooperative of Eau Claire will continue to provide locally-administered coverage and coordination of services to our Badgercare, SSI, and commercial members. We proudly continue to serve Western Wisconsin as the only local, non-profit, member-governed health plan option.

If you have any questions or concerns, please contact Provider Relations at (715) 552-4300.
