- **SCOPE:** To ensure Group Health Cooperative of Eau Claire consistently and correctly administers occupational therapy benefits to all members according to their policy benefits.
- **POLICY:** It is the policy of Group Health Cooperative of Eau Claire to review requests for occupational therapy according to member policy and evidence-based medical criteria through the prior authorization process.

PROCEDURE: Prior Authorization Required: YES

<u>Commercial:</u> <u>Check individual policy because some groups have limitations related to</u> <u>occupational therapy</u>

Small Group:

Coverage Criteria:

**Check the individual policy for coverage limitations. Some policies have a 20-visit limit per year.

For plans that have a therapy benefit, an initial occupational therapy evaluation is covered without prior authorization when medically necessary. After the first visit, continued therapy rehabilitative and habilitative services are subject to the individual terms and policy specifics as listed in the schedule of benefits. Medically necessary services must meet the following criteria:

- 1. Prescribed by a physician, **AND**
- 2. Provided by a certified therapist, **AND**
- 3. Must be of the complexity and nature to require a certified therapist, AND
- 4. Disorder must be caused by a new disease, injury, or medical condition, **AND**
- 5. Member's loss of functional ability must be 20% below the normal range, **AND**
- 6. Member must display the potential to re-achieve their previous skill level, AND
- 7. Therapy is expected to result in a significant improvement in the member's condition within a reasonable and generally predictable period of time, **AND**
- 8. Must not be duplicative (If member's needs are met through another therapy discipline or service, then OT services would be denied.)

Exclusions:

Occupational therapy is $\ensuremath{\text{NOT}}$ considered medically necessary or is a contract exclusion in the

- b. Acquisition or restoration of incidental activities of daily living (IADL's)
- c. Recreational therapy
- d. Education
- e. Academic or school related
- f. Physical fitness or exercise programs
- Services for the evaluation, diagnosis, or treatment of cognitive, neurological and/or developmental problems, and/or delays that are **NOT** a result of illness or injury, which includes but is not limited to:
 - a. Learning disabilities
 - b.
 - c. Perceptual disorders
 - d. Intellectual disability, behavioral disorders, hyperactivity and/or attention deficit disorders
 - e. Minimal brain dysfunctions or cognitive issues
 - f. Cognitive rehabilitation
 - g. Sensory deficit
 - h. Sensory integration
 - i. Multiple handicap
 - j. Motor dysfunction
 - g. developmental delays
- 5. Maintenance therapies of any kind
- 6. Acupuncture or treatment associated with acupuncture
- 7. Biofeedback, except that provided by a physical therapist for treatment of headaches and spastic torticollis
- 8. Hypnotherapy

Medicaid and Medicare Advantage

Coverage Criteria:

Occupational therapy is a covered benefit when it is determined to be medically necessary. Medically necessary services must meet the following criteria:

- 1. Prescribed by a physician, **AND**
- 2. Provided by a certified therapist, **AND**
- 3. Must be of the complexity and nature to require a certified therapist, AND
- 4. Disorder must be caused by a new disease, injury, or medical condition, AND
- 5. Must be a loss of functional ability to perform ADLs, **AND**
- 6. Member's functional ability/delay must be 20% below the normal range, AND
- 7. Member must display the potential to re-achieve their previous skill level, AND
- 8. Therapy is expected to result in a significant improvement in the member's condition within a reasonable and generally predictable period of time, **AND**

9. Must not be duplicative (If member's needs are met through school-based services, then non-school based services would be denied.)

Exclusions:

Occupational therapy is **NOT** considered medically necessary in the following circumstances:

- 1. Duplicative: when other therapies (disciplines or facilities) are providing sufficient services to meet the member's functioning needs
- Services that do not require the skills of a qualified provider of occupational therapy services, such as treatments that maintain function by using routine, repetitious, and reinforced procedures that are neither diagnostic nor therapeutic (e.g., practicing word drills for developmental articulation errors) or procedures that may be carried out effectively by the member, family, or caregivers at home on their own
- 3. When the member does not show motivation, interest, or desire to participate in therapy
- 4. The evaluation indicates that the member's abilities are functional for their present way of life
- 5. Member has achieved independence in daily activities
- 6. Member has shown no progress toward meeting or maintaining established treatment goals
- 7. Member has shown no ability to carry over abilities gained from treatment in a facility to home
- 8. Member's chronological or developmental age, way of life or home situation indicates that the stated therapy goals are not appropriate for member or serve no functional or maintenance purpose
- 9. Services primarily aimed at restoring vocational or work-related skills or abilities such as:
 - a. Vocational services or conditioning
 - b. Work hardening programs
 - c. Functional capacity evaluations
 - d. Vocational rehab or therapy
- 10. Therapy considered non-medical whereby the purpose is for:
 - a. Self-help training
 - b. Recreational therapy
 - c. Educational in nature
 - d. Academic or school related
 - e. Physical fitness or exercise programs
- 11. Biofeedback
- 12. Hypnotherapy
- 13. Acupuncture or treatment associated with acupuncture
